Partnership's Objective

Capital Power Income L.P.'s objective is to provide stable cash distributions to unitholders over the long term by generating a reliable stream of cash flows.

Quick Facts

- One of Canada's largest power income funds with a \$897 million market capitalization
- Portfolio consists of 19 wholly-owned power generation assets located in Canada and the United States and a 50% interest in a power generation asset located in Washington state
- Assets have a total net generating capacity of 1,400 megawatts (MW) and more than four million pounds per hour of thermal energy
- Electricity and steam generated from a combination of natural gas, waste heat, wood waste, water flows, coal and tire-derived fuel
- Units are included in the S&P/TSX Composite Index

Investment Highlights

Large and highly diversified portfolio

- One of the largest power income funds in Canada
- Strong diversification by fuel type, geography and counterparty

Proven track record for generating stable cash flow

- Reliable facilities with high availability rates
- Vast majority of facilities have long-term power purchasing arrangements with creditworthy counterparties
- Ongoing operational improvements

Strong sponsorship and operating expertise

- 30.0% ownership by Capital Power Corporation (TSX:CPX)
 - A growth-oriented North American independent power producer with a vision to be one of North America's most respected, reliable and competitive power generators
 - Corporation has interests in 31 facilities totaling approximately 3,500 MW of generation capacity

Opportunities for growth

- Potential asset purchases from or jointly with Capital Power Corporation
- Third party acquisitions
- Organic expansion and enhancement
- Low risk greenfield development opportunities
